

BIG IDEA: The Gospel of Jesus Christ will result in a radical transformation effect in the life of the true believer.

ESTABLISHING CREDENTIALS (vv.1-2)

A Willing Servant

A Heavenly Calling

While we are not personal witnesses, believers are called and chosen by Christ to be disciples.

An Established Mission

Paul was set apart, uniquely prepared, gifted, and empowered.

The Gospel is the good news that sinners can be spared the wrath of God by believing and following Jesus Christ.

We are justified and declared righteous before God only by faith alone in Jesus Christ.

VERIFYING THE MESSAGE (vv 3-4)

Jesus has the human legal ancestry from the line of David.

His Resurrection from the dead proves His power as the Son of God.

EQUIPPED FOR DUTY (vv 5-7)

Jesus is the source of the power and equipping.

Grace is a gift from God, not something that is earned or deserved.

The Christian life is characterized by obedience.

Believers belong to God and are set apart to Him.
