

**FALSE TEACHERS**

**Titus 1:10-16**

**March 16, 2025**

## **Dangers of False Teachers (vv. 10-12)**

False teachings are not just harmless ideas—they can destroy families, churches, and entire communities.

## **Rebuke and Correct False Teachers (vv. 13-14)**

The goal of this rebuke is not to destroy but to correct and restore.

Tradition should support the truth, not replace it.

## **True & False Believers (vv. 15-16)**

A pure heart sees the world through the lens of God's truth.

A true relationship with God will be evidenced by our obedience to His Word and our love for others.

False teachers either teach something untrue about Jesus or they distract people from Jesus.

False teachers thrive when people are biblically illiterate.

## **POINTS TO PONDER:**

- How does your study of God's Word equip you to identify false teachers and false prophets?
- What false teachings have you experienced? And how did you identify them?
- How can the Holy Spirit guide you through silencing and/or sharply rebuking the false teachers around you?
