

BIG IDEA: We must live in light of Jesus' second coming.

PREDICTIONS OF PROPHETS (vv. 1-2)

We must not grow lax in the prophecies of Jesus' second coming.

Both the Old and New Testaments have authority.

Jesus gave the apostles authority.

THERE WILL BE SCOFFERS (vv. 3-7)

They follow their sinful desires.

They think things continue as they were in the beginning.

They think judgment will never come.

ALL IN GOD'S TIMING (vv. 8-10)

What seems like forever to us is but a short time for God.

The Lord is not slow in fulfilling His promises.

Many will not be ready for Jesus' return.
