

SALTY SPEECH

Colossians 4:2-18

January 29, 2023

PRAYER (vv. 2-4)

The foundation of prayer that works is a saving relationship with Jesus Christ.

Praying for things that are in agreement with God's will is the essence of praying in Jesus' name.

SALT (vv. 5-6)

The word *salary* comes from an ancient word meaning "salt-money."

GRAIN OFFERINGS (Leviticus 2:13)

Salt was an important part of the offering because it represented purity, preservation, and expense.

Every sacrifice offered to God should be pure, should be enduring, and should have a cost.

SALTING OUR SPEECH:

Our words should reveal how this gospel has transformed our lives.

The content and tone of our words should impact those around us for the better, especially unbelievers.

FINAL GREETINGS (vv. 7-18)

Let's continue to pray for one another.

Let's commit to season our speech to one another and non-believers.
