FATHER'S DAY FIXER UPPER

1 Thessalonians 2:10-12

June 16, 2024

BIG IDEA: Fathers are a vital part of family life.

ENCOURAGEMENT

The first way you, as a father, can motivate your children is by encouraging them.

How do you encourage your children?

Primarily three ways – with your words, with your presence, and with your support.

COMFORT

Fathers, motivate your children by comforting them.

So Dads, how do you comfort your children?

Once again there are three basic ways – by listening, by empathizing, by touching.

LIVE WORTHY LIVES

Motivate your children by urging them to live lives worthy of God.

How does a father urge his children to live lives worthy of God?

Once again, the Scriptures point us to three areas – instruction, discipline, and example.
